

Memo re Extension of Summer Survey Program

February 7, 1962

MEMORANDUM

TO: Boston Redevelopment Authority
FROM: E. J. Logue
RE: Extension of Survey Program

Since November 15, 1961, the Survey Program has been continued on an interim basis and by February 15, 1962, the following work will have been completed or will be in process:

1. Complete coding of GNRP data analysis sheets with corresponding assessor's block and parcel numbers.
2. Complete extensive editing and rechecking of GNRP data analysis sheets prior to electronic data processing.
3. Commencement of electronic data processing of GNRP survey data and assessor's file.
4. Continue to check and correct errors found in the GNRP data during the key punch operation.
5. Continue indexing of each GNRP listing BRA areas and assessor's blocks with corresponding 1960 Census Tract and block numbers.
6. Continue interior building inspections and family surveys in South End GNRP area.
7. Commencement of processing, coding and indexing of interior building condition and family survey data sheets in preparation for electronic data processing.
8. Continue compilation of pictorial record.

February 7, 1962

The work completed during this interim period is essential to the preparation of renewal plans, determination of eligibility and establishment of relocation requirements for both GNRP and Project Areas.

In addition to the work completed a continuation of the present survey activities is required:

1. To complete the processing, tabulation and analysis of land use and exterior building condition data for all GNRP areas by electronic data processing now underway.
2. To complete interior building condition and family surveys for the South End project area on a 33% sample.
3. To complete processing, tabulation and analysis of interior building condition and family surveys for the Charlestown and South End project areas by electronic data processing.
4. To continue photographic documentation of GNRP's and project areas.
5. Upon the completion of analyses of land use and exterior building condition survey of the 10 GNRP's by computer, enlarge the sample for the South End from a 33% sample to a 100% sample and to commence interior building condition and family and business surveys in the next priority project area. The computer results are expected to be made available March 15, 1962.

February 7, 1962

In order to carry out this work, it is requested (1) that the present survey program be extended until June 15, 1962; (2) that the present temporary survey personnel as submitted in another memorandum be approved for the extended period from February 15, 1962 to June 15, 1962.

The estimated total cost of this work, including personnel services and supplies, as well as administrative overhead from February 15, 1962 to June 15, 1962, is \$62,000, all of which represents eligible project expenditures chargeable to existing GNRP and Survey and Planning Budgets.
